COVID Research

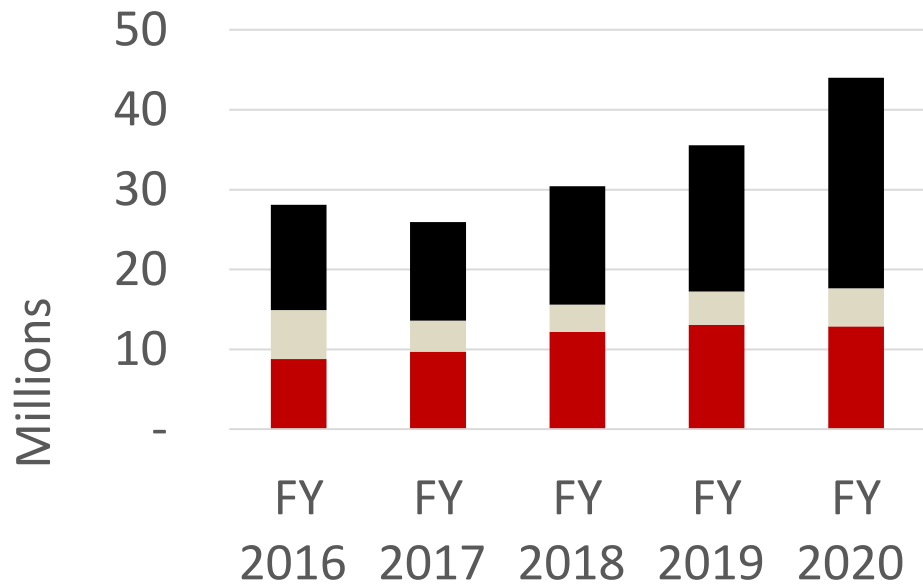

Summary

- Total sponsored funding for FY 20 was \$44 million – NIU’s highest level of funding in 5 years
- NIU received \$7.5 million in COVID-19 related funding (\$7.4 mil CARES and \$113k in CARES projects)
- Sponsored funding has consistently increased since FY 17 – even without CARES
- COVID-19 impacts:
 - The pandemic did not slow Principal Investigators’ efforts to secure external funding
 - New lines of research and additional funding will add to an already complex sponsored funding portfolio
 - Thoughtful and deliberate compliance monitoring will be necessary to protect NIU and accommodate researchers
