

Professional Conduct and Mentoring Survey (SLO 6b, 7a):

Name of Student Mentor: _____

Semester or Term: _____

Year: _____

Instructions to Graduate Student:

Near the end of the semester or term, administer this survey to each undergraduate research student that you mentored. Instruct the undergraduates to return completed survey to Ryan Damhoff. **Questions 1 through 5** are aligned with **SLO 6b** (professional development); **question 6** is aligned with **SLO 7a** (ethical conduct); and **question 7** is aligned with **SLO 2a** (Lab safety).

Instructions to Undergraduate Student:

Rate your research graduate student supervisor by checking the appropriate box for each of the following 7 descriptors:

- 1) The graduate student encourages me to take full ownership of learning activities and makes me assume responsibility for my productivity.
