Official Transcript

The American Bar Association (ABA) requires verification of completion of your baccalaureate degree. With the exception of students admitted through NIU's accelerated law degree program, all entering students must furnish a hard copy of their official transcript directly from the registrar of the undergraduate institution by August 1 of the year of matriculation. Your baccalaureate degree must be posted on the transcript.

Transcripts sent to the Law School Admission Council (LSAC) do not satisfy the ABA requirement. *If the College of Law has not received an official undergraduate transcript by October 15 of your first year, you will be dismissed from the College of Law.* Your undergraduate institution should forward your transcripts to:

**Northern Illinois University College of Law
Swen Parson Hall, Room 151
DeKalb, IL 60115**

Immunization Records

The Illinois Department of Public Health requires that all entering students submit proof of immunizations to *University Health Services*. The immunization requirements are available online at go.niu.edu/immunizations. Documentation must be on file at Health Services before August 1. You may submit your documentation by fax at 815-753-9599, in person or by mailing the documentation to Northern Illinois University, Health Services, Immunization Office, DeKalb, IL 60115-2828. Failure to provide records may result in an account hold prior to the start of classes. Students with a hold on their account will not be permitted to register for classes.

NIU One Card and Your Z-ID

The *NIU OneCard* is your official NIU identification. It is used for document printing, allows you to use Huskie Bucks and is required to enter the Law Library after 6 p.m. You can obtain your OneCard during orientation from the OneCard Office.

In May, the Office of Admissions will provide you with your Z-ID. This is a unique identifier and it is permanent. Your Z-ID allows you to access NIU network applications and resources. As an NIU law student, you will use your Z-ID to take care of a number of critical logistical matters, such as establishing your university email account, completing the financial aid application, accepting your financial aid package and registering for classes during your second and third years at the College of Law. If you have any questions regarding your Z-ID please call the DoIT Service Desk at 815-753-8100.

Registration and 1L Classes

Prior to orientation, the College of Law will automatically assign you to a first-year section and register you for your classes. First-year students do not select classes or register themselves. No additional courses may be added. Students are not permitted to change from one section to another in any required course without the permission of the dean's office.

In your second and third year, you'll select your classes from available electives and register yourself. You'll be provided with additional information regarding your first-year classes and schedule in the upcoming weeks.

If your contact information (email, telephone or mailing address) has changed, please notify the Office of Admissions to ensure that you do not miss important emails and mailings over the summer.

Visit NIU Law

Students admitted to the entering class and their guests are invited to attend our summer admitted student programs. Housing

Moving to a new area can be daunting. Fortunately, NIU law students have plenty of affordable options for housing. While most law students live off campus in private housing that is very close to the law school, students also have the opportunity to live in residence halls and other graduate housing. In May, entering students will receive a housing email which includes a copy of the current “Off-Campus Housing Guide for Law Students.”

Campus Housing

NIU’s Office of Housing and Residential Services provides information concerning university residence halls and meal plans. The office is located at 101 Neptune East (815-753-1525). Information regarding NIU graduate housing is available on the Housing and Residential Services website at https://niu.edu/housing/halls/graduate_housing/index.shtml.

Northern View Law Living-Learning Community

Northern View, the College of Law and NIU Housing and Residential Services together offer the Northern View Law Living-Learning Community (LLC). This collaborative project is an apartment-style option for interested law students who want to live close to the law school in on-campus housing as an alternative to traditional residence hall living.

The College of Law has a small number of spots reserved in the Living-Learning Community. All rooms within the LLC are two-bedroom, apartment-style suites. The College of Law Office of Admissions makes roommate assignments. If you’re interested in applying for one of the limited spots in this community, please contact the NIU Law Office of Admission at law-admit@niu.edu to request an application.

Off-Campus Housing

Most law students live in private apartments that are either within walking distance from the College of Law or accessible by the Huskie Bus Line, a free service for all NIU students. One-bedroom apartments range from approximately \$450-\$750 per month. Two-bedroom apartments are approximately \$800 per month. The NIU Office of Student Affairs provides information about off-campus housing at go.niu.edu/offcampus.

Local apartment search engines can be helpful in securing an apartment near campus. Two popular search engines for NIU students are the Northern Star Housing Guide and NIUPads.com. These guides include all relevant information necessary to help make the apartment search as easy as possible. Apartments are broken down by rent, bathrooms, bedrooms and distance from campus.

We also suggest that you join the entering class Facebook group where upper-level law students can offer you advice regarding apartments that are popular among law students. Students also use the Facebook group to find roommates.

Parking on Campus

Students parking cars on the campus on a regular basis are required to purchase a parking permit or park in a lot where a fee is assessed. Parking permits may be purchased online or (for an extra fee) at NIU's Campus Parking Service, located at the corner of Normal Road and Lincoln Terrace, across from the Parking Deck. The parking service may be contacted at 815-753-1045 or parking@niu.edu.

Parking permits are color-coded to correspond to the lots in which they may be used. Maps outlining the color-coded lots are available at the parking office. In general, students living in NIU residence halls are issued orange stickers and students who do not live on campus receive a yellow parking sticker. Green permits are available for free for remote parking east of the Convocation Center. Students with health-related or other special circumstances may be eligible for other parking privileges.

Health Insurance

Information regarding Health Insurance and Student Health Services is available at go.niu.edu/insurance. Any student who enrolls in nine or more on-campus (DeKalb) credit hours is automatically billed for the NIU student health insurance plan. Any student who is not taking nine on-campus hours can enroll in the plan as

long as they have at least six credits hours; are doing an internship or are working on their thesis or doctorate. The NIU student health insurance plan is through Aetna and is a PPO.

The per semester cost for the 2018-2019 school year is \$1,179. *If you are covered under another health insurance plan, you may apply to waive the NIU Student Health Insurance plan beginning in July.* Please note that there is a deadline for submitting a waiver request or accepting student health insurance. For more information on student health insurance, call 815-753-0122 or send an email to studentInsurance@niu.edu.

Student Health Services

NIU Health Services is located in the Health Services Building on Lucinda Street west of Wirtz Hall next to the Campus Police Station. Health Services offers quality, outpatient healthcare as well as a full-service pharmacy. There are no additional charges for most services, including physician visits, x-rays, and general lab tests. However, there are charges for medications, immunizations (must be done by the tenth day of the semester), missed appointments, and some lab tests and procedures. Students should call the University Health Services' main switchboard (815-753-1311) for additional information.

Mailboxes

Mail folders for each student are located on the second floor of the law school just inside the main entrance to the law school library. Please check and empty your folder regularly. Please also note that the mail folders are not designed for and should not be used for large, bulky items.

Lockers

Lockers located on the lower level of the law school are available to all law students, who must provide their own locks. We recommend using a combination lock, as it may be easy to lose a key for the locker. Students desiring a locker should email Lisa Hoebing lhoebing@niu.edu in Room 276, to reserve a locker. Lockers will be assigned on a first-come, first-served basis, and students will retain the same locker throughout their law school career. Locker assignments will be distributed in the first week of classes.

Financial Aid

Though NIU Law's tuition is low by law school standards, many law school students apply for loans to help finance their educational expenses. Northern Illinois University provides a range of financial assistance for law students in the form of loans, tuition waivers and scholarships. All admitted students are automatically considered for merit scholarships and partial tuition waivers. Students awarded scholarships will be notified of the award in their acceptance letter.

Applying for Loans

Information on Federal loans is available on the NIU Financial Aid and Scholarship Office website. All students applying for loans must begin the process by completing and submitting the Free Application for Financial Student Aid at fafsa.gov. You will need your federal income tax return and W-2 forms to complete the FAFSA. You must have a Federal Student Aid ID (FSA ID). For instructions on how to create an FSA ID, go to the FSA site. Be certain to select NIU (School Code 001737) as a recipient of your FAFSA.

The U.S. Department of Education will send you your Student Aid Report (SAR). Review your SAR and, if necessary, make changes or corrections to your FAFSA. After you complete and submit the FAFSA, submit any other application or information requested by the SFAO. Your financial aid offer will then be posted to your myNIU account within a week, beginning in April.

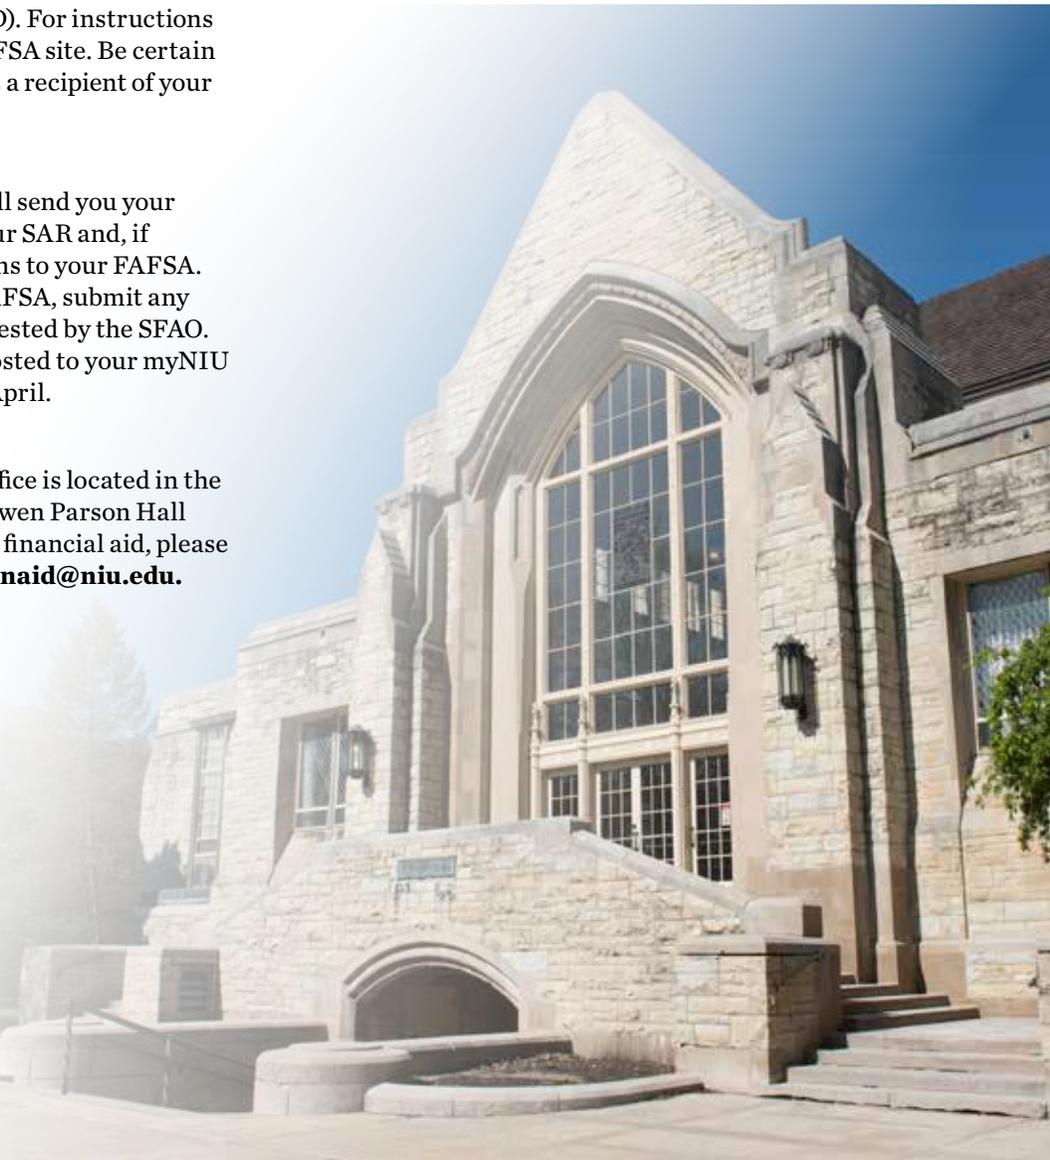

The Financial Aid and Scholarship Office is located in the same building as the College of Law, Swen Parson Hall 245. If you have questions about your financial aid, please contact the office at 815-753-1395 or finaid@niu.edu.

Payments and Refunds

The Office of the Bursar provides services and support to NIU students, commercial customers and other NIU departments. This office processes payments (students and commercial) and refunds as well as offers payment plans and advice regarding your financial situation with NIU.

The Office of the Bursar also processes refunds on eligible credit balances. Direct deposit offers a timely, reliable and safe way to deliver your refund to your checking or savings account. If you would like to receive a quicker distribution of any refunds from your student account, complete your direct deposit form and submit to the Office of the Bursar.

The Office of the Bursar is located in the same building as the College of Law, Swen Parson Hall 235. If you have questions about billing, please contact the office at 815-753-1885 or bursar@niu.edu.

Disabilities

The Disability Resource Center (DRC) offers guidance, services and resources to help you succeed at NIU. The DRC works to provide reasonable and appropriate accommodations for students and the campus community. Exam accommodations, classroom accommodations, reformatting of course materials and adaptive technology are a few of the accommodations offered.

Entering students seeking reasonable accommodations should contact the DRC to schedule an appointment with an access consultant. You may be asked for documentation of your disability.

In addition, you will participate in discussions regarding learning styles, time management, and professionalism and ethics. Finally, you will have the opportunity to work with College of Law faculty and staff and with upper-level students.
